

BuildMe

Construction Intelligence Platform - MeitY GENESIS EiR Cohort 3

SUPPORTING DOCUMENTS - EVIDENCE FILE INDEX

This index accompanies the BuildMe application for the MeitY GENESIS Entrepreneur-in-Residence (EiR) Cohort 3 programme. Every file listed below is part of this submission; file names and sizes match the files as provided. Live demo access - engineer@buildme.demo / demo1234 and rkumar@buildme.demo / demo1234.

A. Working Product

MeitY_GENESIS_EiR_Cohort3_Demo_BuildMe.mp4	13.6 MB
1 min 44 s screen recording of the working product: engineer dashboard, the Kumar Residence cost story (estimate to payment), and the homeowner visibility portal.	
BuildMe_CEDI_EiR_Application_Screenshots.pdf	2.0 MB
12-page screenshot portfolio of the live application, page by page, with the GENESIS / EiR framing on the cover.	

B. Data Foundation

BuildMe_Data_Final.zip	67 KB
Packaged dataset foundation for the cost-intelligence engine: cleaned Tamil Nadu cost data, master dataset, source registry, and data dictionary.	
BUILDME_DATASET_AUDIT_REPORT.md	27 KB
Independent audit of the dataset package: coverage gaps, quality scores, provenance, and what is safe to rely on.	

C. Written Evidence

BUILDME-CEDI-MASTER-STRATEGY.md	54 KB
Positioning, differentiation, business model, market sizing, and the 30/60/90-day EiR execution plan.	
CEDI_FINAL_RED_TEAM_AUDIT.md	26 KB
30-question adversarial self-audit with honest disclosure of risks and what is not yet proven.	
GROUND_TRUTH_E2E_QA_REPORT.md	7 KB
End-to-end ground-truth validation results: estimator accuracy checks across real project records.	
CEDI_EIR_COHORT3_READINESS_REPORT.md	7 KB
Readiness assessment against the Cohort 3 selection criteria, with evidence mapping for each criterion.
